

# THE ESSENTIAL TOOL

**Your eyes account for eighty per cent of your sensory impressions. They are a tool you cannot afford to lose.**

Nevertheless, we expose our eyes to risk every time we fail to protect them. Indeed, to such an extent that eye injuries are among the most frequent injuries in AF Gruppen. The use of safety goggles is mandatory in all projects to ensure that you get to experience all the moments of life.

Contact your supervisor for assistance on the correct use of protective gear.

# THE ESSENTIAL TOOL

**Your creative ability is in your hands. They are a tool you cannot afford to injure.**

Nevertheless, we expose our hands to risk every time we fail to protect them. Indeed, to such an extent that cut injuries to hands are the most frequent injury type in AF Gruppen. The use of protective gloves is mandatory in all projects to ensure that you are not prevented from doing what you can do best.

Contact your supervisor for assistance on the correct use of protective gear.
